# My rainforest trek

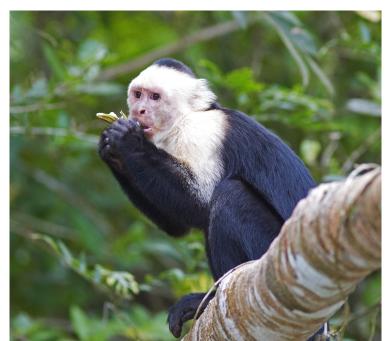

## The Hourglass Frog

The hourglass frog might catch a moth. It hides from spiders.

### **White Faced Monkey**

The white faced monkey eats palm food. The white faced monkey can jump to the top of our classroom.

#### **Hercules Beetle**

The hercules beetle is bigger than my hand. It eats dead wood.

# **Coati**

Coati eats mice, bird eggs, snakes and small lizards.

# **Spider monkey**

The baby spider monkey hangs from its mother. Spider monkeys eat seeds.
