

# MY RAINFOREST TREK

# Coati crossing

Did you know coati eats fruit, mouse, and bird eggs?

# Longwing Butterfly

---

The longwing butterfly is resting on the passion flower.

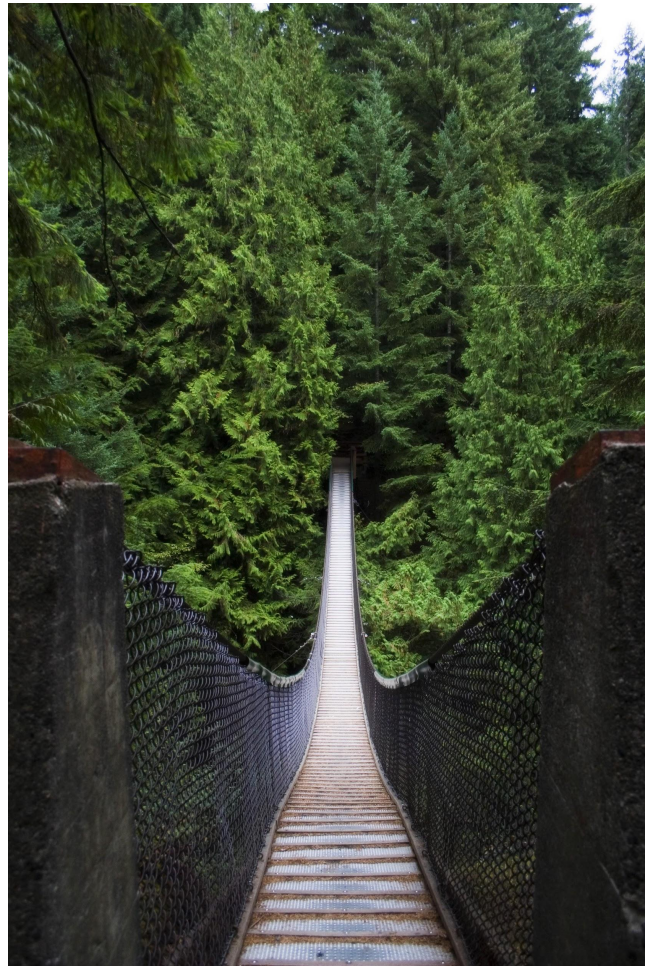

# Hanging bridge

---

The bridge was moving.

LOOK! I saw a howler monkey.

# Hummingbird Nest

---

In my binoculars I saw a tiny hummingbird.

# Spider monkey with her baby

---

The spider monkey hangs with its tail. It has a baby. It eats fruit, seeds, and insect.

# Banana plant and ferns

---

The banana plant is long and wide. There are many different fern.

# Hourglass Frog

---

The Hourglass frog is so tiny. It is brown and yellow.

# Hercules Beetle

---

I almost step on the Hercules!

It was bigger than my hand!
