

My Rainforest Trek

Hercules beetle

I almost stepped on it! It's bigger than my hand. It eats rotten plants. OOW!

Coati Crossing

A Coati just crossed the road! It's eats fruits, nuts, snakes and many others. It had brown fur and it's sort of white.

Hummingbird Nest

I looked through the binoculars to see this one. The Hummingbird flaps its wings really quickly.

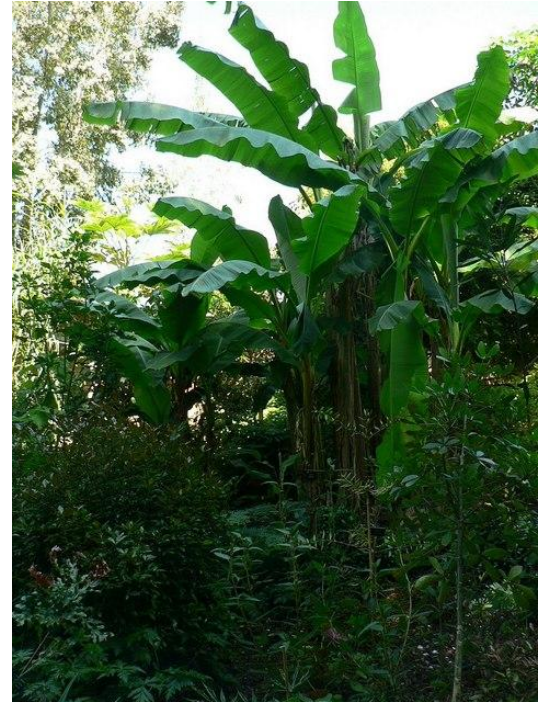

Hourglass frog

I almost didn't see it! It's that tiny. It's brown and yellow.

Banana plant and fern

The banana plant has wide and long leaves. The fern has many leaves.

Spider Monkey with her baby

I see a spider monkey! It's carrying a baby monkey! Spider monkeys hang from their tails. Their fur is brown.

White faced monkey

The White Faced Monkey just jumped over my head! It has a white face. They jump about 10ft high.
